

# Towards a Brighter Future

## 2010 Neuromuscular Disorders Conference

February 26th-27th 2010,  
The University of Sydney,  
Eastern Avenue Auditorium

The Institute for Neuroscience and Muscle Research in partnership with Duchenne Foundation invite you to a national muscular dystrophy conference in Sydney, Australia.

### **THIS CONFERENCE AIMS TO:**

- Our theme is "towards a brighter future" and our vision is to provide an informative and stimulating conference environment for the advancement of neuromuscular disorders.
- Deliver a stimulating and progressive conference program that disseminates only the most up to date research in the field of neuromuscular conditions.
- Provide an exciting poster session where up and coming researchers will have an opportunity to present their research to the neuromuscular community.

### **WHO IS THE CONFERENCE FOR?**

- Parents and affected persons - hear the first and foremost leading research in the field of neuromuscular disorders and be provided with networking opportunities between parents and clinicians/scientists
- Health professionals and educators- we are looking forward to providing an exciting program comprising national and international experts.

Register online at [www.towardsabrighterfuture.org.au](http://www.towardsabrighterfuture.org.au)

### **WHERE IS THE CONFERENCE?**

Towards a brighter future will be held at Eastern Avenue Auditorium and lecture theatre complex on the Camperdown Campus of the University of Sydney, Australia located a few kilometres from Sydney's CBD.

### **INTERESTED IN SPONSORSHIP?**

Be part of the conference and exhibit your services or products to a large national audience, opportunities for exhibition and sponsorship of speakers/sessions are available, please download the sponsorship pack from the website.
