

## **Recent Research Donations**

### **2010**

Recipient: ANZAC Health & Medical Research Foundation  
Project: Contribution to research by Prof. Garth Nicholson  
Amount: \$10,000

Recipient: Institute for Neuroscience and Muscle Research  
Project: Contribution to research by A/Prof Josh Burns  
Amount: \$10,000

### **2011**

Recipient: ANZAC Health & Medical Research Foundation  
Project: Contribution to research by Prof. Garth Nicholson  
Amount: \$12,000

Recipient: Institute for Neuroscience and Muscle Research  
Project: Contribution to research by A/Prof Josh Burns  
Amount: \$10,000

### **2012**

Recipient: Sue Mahat - Faculty of Health - University of Canberra  
Project: Research into the role of GDAP1 in understanding the development of CMT  
Amount: \$4,000

Recipient: Institute for Neuroscience and Muscle Research  
Project: Nicolet Viking Quest 2 Channel NCS System to reach a genetic diagnosis in children with unclassified CMT  
Amount: \$12,500

Recipient: ANZAC Health & Medical Research Foundation  
Project: Using Modern Genomics to Identify Novel Genes for CMT Neuropathy  
Amount: \$12,500

### **2013**

Recipient: ANZAC Research Institute  
Project: Using Cultured Primary Motor Neurons and Peripheral Nerves to Study the Consequences of ATP7A Mutations in Distal Hereditary Motor Neuropathy  
Amount: \$12,000

Recipient: Exercise, Health and Performance Group, Faculty of Health Sciences, University of Sydney  
Project: Pilot Study of Progressive Resistance Training for Sedentary Adults with Charcot- Marie- Tooth  
Amount: \$10,093

Recipient: University of Sydney's Faculty of Health Sciences  
Project: Reducing the Health Burden of Charcot-Marie-Tooth Disease in Australia  
Amount: \$75,000

## **2014**

Recipient: Dr Eppie Yiu - Department of Neurology, Royal Children's Hospital Melbourne

Project: High resolution 18MHz Ultra Sound Probe to collect nerve abnormalities in CMT children and Families

Amount: \$10,420

Recipient: Dr. Alison Shields - Faculty of Health University of Canberra

Project: Investigating the Safety of Medications for CMT Patients

Amount: \$5,000

Recipient: Prof. Garth Nicholson -Molecular Medicine Laboratory

Project: Supply of L Serine for HSN Pilot Treatment Trial

Amount: \$10,000

Recipient: Prof. Joshua Burns - University of Sydney Faculty of Health and Sciences

Project: Reducing the Health Burden of Charcot-Marie-Tooth Disease in Australia

Amount: \$60,000

## **2015**

Recipient: Associate Professor Marina Kennerson

Project: Symposium keynote speaker airfares

Amount: \$2,000

Recipient: Dr. Brent Neumann

Project: Using Cultured Primary Motor Neurons and Peripheral Nerves to Study the Consequences of ATP7 Mutations in Distal Hereditary Motor Neuropathy

Amount: \$12,500
